Town Council Meeting

Fluoride Content Vulcan Water Deemed 'Just Right'

Water analysis reports received at the regular Town of Vulcan council meeting this month showed that Vulcan water, supplied by three wells ranging from 155 to 185 feet in depth, contains just over one part per million of fluorides. This proportion is considered by dentists and many other authorities to be ideal for the prevention of cavities in teeth. Less desirable is the soda and glauber's salts content of the water, but these minerals are not deemed harmful, although they are unpalatable to newcomers.

Business was fairly light at the council meeting, with council approving the sending of Town Foreman Pete Schuler to a water and sewage system operator's school and of Constable J. L. Moyer to a plumbing inspector's course, both schools to be held at Edmonton.

John Grant was engaged as a part-time night watchman.

Council set the price of 50 ft. lots in the new Memorial Avenue sub-division at $400. Seventy-five foot lots in the sub-division are priced at $600.

The annual meeting of the town will be held in the I.O.O.F. Hall on Monday, Feb. 10, at 8 p.m.

Curling Highlights

The Vulcan Curling Club annual Open Bonspiel scheduled for the week of Feb. 3-8, has been called off, for this year by the club executive. This action was taken due to the extended warm weather which has further delayed the start of square draw curling. It was unanimously felt that first consideration must be given to the Curling Club members and the loss of another week's curling if the bonspiel was held might seriously hinder the sale of season memberships.

The Vulcan High School rink of Blaine Middleton, Earl Brinton, Wayne Cutforth and Donnie Chow will again represent District No. 6 in the Southern Alberta Taylor Pearson and Carson High School playoffs. The boys won the right to advance to the next playoff at Drumheller on Jan. 30-31, by winning five straight games at High Rover on Saturday and Sunday Jan. 18-19, against rinks from Carseland, Mossleigh, Blackie Milo and Champion. Everyone in Vulcan and district will be pulling for these popular boys to keep winning along the trial leading to the Dominion Playoffs in Charlottetown, P.E.I.

* * *

A winner was decided in the Ladies' Curling Club playdowns for the right to reppresent Vulcan in the district playoffs for the E. Eaton Trophy. The rink of Ethel Banks, Hannah Matlock, Gwen McKay and Bea Richardson won the honors over the rink of Shirley Wolfe, Donna Armstrong, June Wellman and Mary Haga in a three-game series played off at Barons last week, where they enjoyed the chance to play on artificial ice.

* * *

The Canadian Legion playoffs for Vulcan were also decided in a three game series at Barons last week when the Gale Atkinson rink of Ivan Haga, Jim Jensen and Carson McKay won over H. Matlock, R. Wellman, J. Wolfe and C. Fulton. The winning rink then played in the zone playoffs at Nanton on Sunday, Jan. 19, and lost out to Stavely in the three-town playoffs.

* * *

The on again-off again Mixed Bonspiel is still struggling to wind up with some winners. Now going into the fourth week since it started, play has narrowed down to five rinks in the Main Event. Those still in the running for top honors are the rinks of L. Haga, E. Munro, G. Atkinson, B. Ohler and W. Frickelton. Seven rinks are still in contention in the Consolation Event.

* * *

Two rinks skipped by J. Wolfe and G. Atkinson will be playing off at Barons this week for the right to reppresent Vulcan at the District 6, playoffs in the Macdonald Brier. The District playoff originally scheduled for Vulcan on Jan. 27-28, has now been moved to High River ice on the same dates.

Douglas Galbraith Seeks Nomination

Well known in political and agricultural circles in this area, D. H. (Doug) Galgraith, Vulcan farmer, will seek the nomination at the Macleod Progressive Conservative convention being held in High River on Jan. 29.

Doug. Galbraith is 38 years of age. He was born and raised in the Vulcan district and after completing his High School at Nanton he attended the University of Alberta and graduated with a Bachelor of Commerce degree. Before returning to farming, he worked as an accountant for the Dominion Treasury Department and with an Edmonton aircraft company.

Keenly interested in the future of agriculture, Mr. Galbraith has been associated actively with the Farmers' Union of Alberta and with Boards of Trade. For the past four years he has been a member of the Board of F.U.A., District 12, and is, at present, the alternate director. This work, in an area of the approximate coverage of the Macleod Federal Constituency, has brought him into close contact with the agriculture and economic situations of the area he seeks to represent.

He has served as a director of the Vulcan and district Board of Trade for the past three years and is a member of the Agricultural Institute of Canada. His lodge association include Vulcan Lodge No. 74 and High River Chapter R.A.M.

HIGH SCHOOL SPORTS NOTES

The Vulcan Royalettes and Royals were host to the Champion basketball jeams on Friday, Jan. 17. A good crowd was in attendance.

In the first game of the evening the Royalettes suffered a 12-6 defeat from the Champion girls. Champion's high scorer was Bev. Decker with seven points, Jean Schneider, Freda Hupp and Sheila Puzey with 2, 2 and 1 respectively, scored the other points.

Jean Ann Matlock, Pat Paris and Helen Haverty with two points each netted the Royalette score.

Captain Errol Smith led the Royals to a 53-29 victory over Champion in the second game. The Vulcan points were scored by Errol Smith 24, Blain Middleton 14, David Saxby 5, Jay Scott 4 David Collier 4 and Don Houlton 2.

Champion's scoring was led by Eldon Smith with 12 points. The remaining points were scored by Dale Groves 7, Clark Warren 4, Stan Kranzler 3 and Ronnie Rhodes 1.

A. Psiklq refereed both games with assistance from R. Shearer for the first and R. Jensen for the second.

Vulcan receives a bye this week, but play in Carmangay the following week, Jan. 31.

County Committees Meet

Lower Fire Insurance Rates On County Schools

Vulcan County councillors transacted mostly routine business at their January meetings held in the council room of the County building last week. School Committee members heard correspondence from the insurance company in respect to obtain a new rate for all the county schools, and it was noted that a saving of some $2,000 was being effected on the three-year premium. This would mean that the rates will save some $600 to $700 per year. The rate was obtained through the County's good fire record during the past six or seven years.

Committee members heard a complaint from the principals that some of the van drivers were lax in the matter of obtaining suitable substitutes, and a resolution was passed insisting that the van drivers be qualified with the proper chauffeurs' licenses.

The committee interviewed Mr. Cummins, President of the Principals' Association, in respect to supplying funds for transporting pupils for inter-school basketball and baseball games.

Approval was given to the Superintendent for the arranging of substitute teachers at Champion.

* * *

At the Municipal meeting held on Wednesday, the Committee spent a large portion of the time interviewing machinery company salesmen and decided that there would be no consideration given to any new machinery until after the council was aware of the regulations in respect to provincial grants this year, and other factors relating to the general mill rate.

Committee members heard a report from M. J. Mifflin in respect to a road on the County's southwest boundary line and decided to investigate the complaint and report at the next meeting.

* * *

County Councillors, at the meeting on Friday, passed a motion approving the sale of the old Carmangay School for the sum of $500, the purchaser to wreck the building and remove the material.

Councillors held discussion over the leasing of lands in the Lomond area and decided to postpone any action until the next meeting. In the meantime, the Council decided to take up with the provincial government the matter of the amount of rents being obtained on this tax recovery land.

Councillors appointed Mr. Irwin and Mr. McKay to attend the meeting in High River to discuss with other municipal officials and representatives from a proposed seed cleaning plant, matters pertaining to the most practical and economical places for the location of seed cleaning plants in this southern area.

Councillors transacted routine business, cleaning up bills and accounts and matters relative to finalizing the 1957 municipal program.

Hobbyettes Meet

The January meeting of the Hobbiettes Hobby Club was held Jan. 7, at the home of Mrs. Elaine Bateman of Kirkcaldy.

Roll call was hobby suggestions with the most of the ladies showing preference for work in copper and leather craft.

Mrs. Etta Hill gave a good demonstration on the aid of making hairpin lace.

Mrs. Hill was presented with a jug in appreciation of the demonstration.

Hockeyists Willing But Weather Doesn't Co-operate

Things are looking up. Tuesday night's jump into winter, following weeks of 15 to 50 degree temperatures, has brought the possibility of local hockey a little closer. Hockey in Vulcan suffered last year, because of the balmy weather with only eight games being played and it could be that a repetition of such a state may occur again.

A dozen old-timers and younger boys took to the ice Monday night strong of mind and body. An hour and a half later, they crept upstairs very weak in both departments. Soft ice provided rough going to unconditioned limbs and there are some sorry sights walking the streets these days.

Some of those who made the effort Monday, were Neil Garvin, Les Bear, Don Larkins, Ken Wright, Ken Jesse, Dave Mitchell, Peter Pickersgill, Dave Saxby, Bobby Dann, Harold Boutland and Benny Bell. Jimmy Pruden, Harold Mensinger, Pat Walker, Don Jantzie and Mac Kehr are expected to be out to future workouts. Anyone wishing to play may contact Neil Garvin for more information.

It is expected that any hockey played will be of the exhibition variety similar to the 1956-57 season. Vulcan's last participation in league play was in the 1955-56 Foothills' Hockey loop.

And so it is possible that fans may be able to divert some T.V. time to the rink yet if the club can line up some home games, if it doesn't chinook to-morrow, if it doesn't rain the day following, if . . .

Dr. Kindt After P.C. Nomination

Dr. Lawrence E. Kindt of High River, who made an excellent run as standard-bearer for the Progressive Conservative Party for Macleod Riding, in last June's General Election, has consented to let his name stand as candidate for nomination at the convention of the association, to be held in High River, Wednesday afternoon, Jan. 29, at 2:30 o'clock.

Dr. Kindt was brought up as a farm boy in the Nanton district, where his father homesteaded in 1903, and where he owns a farm. He is a member of the F.U.A., and has always taken an active part in farm organizations and in problems of agriculture, and will be remembered as having been the first president of the Junior Branch of the U.F.A. He attended public and high school in Nanton and later attended the Claresholm School of Agriculture. He obtained the degree of B.Sc., in Agriculture from the University of Alberta, and the degree of M.A. from the University of Minnesota. He received the degree of Ph.D. from the American University at Washington, D.C., specializing in the Economics of Agriculture, Industry and Natural Resources.

THE WEATHER

The weather continues fine, with above-normal temperatures for this time of year—as high as 50 above. Tuesday night there was a light fall of snow, barely covering the ground, but Wednesday was again clear and sunny with the mercury at 20 to 25 above.

FUA Leaders Hear Agricultural Forecast

About 30 district officials of the F.U.A. attended a Leadership Course held at Vulcan Jan. 10, when the main speaker was William Mackenzie, co-writer of the agricultural report prepared for the Gordon Commission on economic prospects in Canada.

By 1980, said the speaker, the farm industry will have to feed a population that is expected to increase 70 percent by that time. There will be a six million acre expansion in farmland area in Western Canada and a four and a half million acre decrease in eastern Canada, causing Western Canadian farming to become a highly specialized industry, he said.

Greater efficiency and more and bigger machines will allow this big industry to be operated by only seven percent of Canada's labor force, as compared to the present 16 percent engaged in farming. Mr. Mackenzie, an associate professor of economics at the University of Alberta, forsees an increase in production of agricultural products, particularly in meat, poultry and eggs. He predicted that more farmers will get into hog production and stay there, finding it more profitable than selling straight grain.

The increase required in beef might prove a strain, he said, the state of pasture land not being too good. A better and more productive type of grass might allow more animals per unit of land.

Greatest increase in the market for agricultural products is going to be at home, Mr. Mackenzie stated. Agricultural exports have not shown any increase for several years.

The afternoon session of the leadership course was in the form of "buzz groups" under the supervision of William Moisey, extension director of the F.U.A. Mel McQuorkel, assistant to the F.U.A. president, also addressed the meeting.

Home and School Association

The January meeting of the Lomond Home and School Association was held in the Lomond School Auditorium on Wednesday, Jan. 8, at 8 p.m., with a fair crowd in attendance. The meeting was opened by the repeating of the creed, followed by the reading of the minutes of last month's meeting.

Business arising from these minutes included a survey of the progress being made in preparing fund-raising projects. It was reported that four "three-act" plays had been purchased and that Mrs. R. Frost had consented to direct the play selected for use. Mrs. F. Maronda and Mrs. J. Chambers agreed to assist Mrs. Frost and Mrs. L. Huff in choosing the play and finding players to perform in it. It is expected that actual practices will begin in the very near future.

In the absence of Mrs. P. Stokes the treasurer's report was given by Mrs. L. Sokvitne, who reported that the per capita dues of our association had been forwarded by Mrs. Stokes.

New business consisted of a brief discussion of the Lions' supper to be held on the evening of Feb. 4, at which time the members of the Lomond Home and School Association are to act as hostesses. Those who are to serve at that time include Mrs. J. Gerham, Mrs. E. Howell, Mrs. H. Huff, Mrs. L. Huff, Mrs. A. Humphreys, Mrs. E. Johnstone, Miss I. Kunkel and Miss B. Kunkel.

Following this discussion the report which is to be sent from our association to the Home and School Year Book, as prepared by our secretary, Mrs. R. Honess, was read and a few additions or changes were suggested by the members present. The report sent in to last year's year book was also read.

These discussions and reports having covered the pertinent topics of business for the evening, the meeting was turned over to the program convener, Mrs. M. Liebreich, who acted as chairman in introducing the various reports and activities related to the program theme, "Bringing Children and Books Together." The film which was to have been shown in connection with this theme having been unavailable for our use, Mrs. Liebreich; with the assistance of the teaching staff of Lomond school, had arranged a display of favorite books and magazines from each classroom for examination by the parents. Members were given the opportunity to name their favorite childhood books, and a list was made as a reference for the teachers when they order books for their class room libraries.

Book reports from the different divisions were read and compared to show how the length and quality of writing progresses from grade to grade. This was followed by group discussions and reports on the various aspects of reading and books, bringing the program to an interesting and enjoyable conclusion.

The meeting was brought to a close by the serving of a delicious lunch by the social committee.

Lutheran W.M.F. Meeting

The January meeting was held at the home of Mrs. Lena Huff, and was opened with the song, "Jesus Keep Me Near the Cross". Pastor Foster gave the Devotional and Bible Study of "The Christian Woman Faces Choices," based on the "Book of Judges" and leading in prayer.

The roll call was answered by twelve members with handing in self-denial envelopes. There were also five visitors.

The reports of the secretary and treasurer were read and approved. Some correspondence was read and discussed and a motion made to send thirteen dollars towards a fund for a missionary. This is our share in helping to keep a missionary for one year.

The question of renovating the church basement was brought up and it was decided that the club would donate one hundred dollars towards materials, if the men of the congregation would do the work.

Mrs. Birkiness gave a very interesting reading on charity.

The meeting was closed with the song, "I Have to Tell the Story," followed by the "Lord's Prayer" repeated in unison.

The next meeting will be held at the home of Mrs. Winnefred Chapman on Feb. 19.

A lovely lunch was then served by the hostess, assisted by Mrs. Violet Huff and Mrs. Lulu Sande.

Birthday Club Meeting

The January meeting of the Birthday Club was held at the home of Mrs. A. Johnson with 17 members and three visitors present. The meeting was opened with the singing of "Smiles." Roll call was answered by our reply to, "Do you get what you wanted for Christmas?"

Plans were made to continue holding the card parties at Badger Lake School, the first for the New Year was held on Jan. 11. The dance committee reported on a very successful dance held Dec. 27.

Two of the members were honored for having birthdays during the month. They were Mrs. J. Chambers and Mrs. R. Hammer. Many happy returns ladies. The closing song was, "My Wild Irish Rose."

Mrs. A. McAlister held an interesting contest which was won by Mrs. Elliott and consolation prize going to Mrs. Volesky. The nickel draw was won by Mrs. Elliott.

The afternoon was topped off by a lovely lunch served by the hostess and her assistants.

The next meeting will be held at the home of Mrs. Ray Elliott.

Community Club Meeting

The first meeting of the Lomond Community Club in 1958 was held at the home of Mrs. Leonard Huff with sixteen members and two visitors present.

President opened the meeting by having the club prayer repeated in unison. Minutes of previous meeting were read and approved. Various business details were discussed. A motion was made that the club pay half the cost of another new set of dishes for the Community Hall. The directors took the names of members to have meeting this year and will plan the year's program for the next meeting. Roll call auctions are to be continued with members names to be on the program. Two volunteers are to go to the school and stamp the books purchased from the Memorial Book fund.

The meeting was then adjourned. The nickel draw was held and won by Mrs. Clarke.

Four tables of whist were played for entertainment with high prize going to Mrs. Jack Gerhan and consolation to Mrs. Verne Volesky.

A very refreshing lunch was then served by the hostess and her assistants.

The next meeting will be held at the home of Mrs. R. H. Skeith in the evening on Thursday, Feb. 6. Roll call will be a Valentine gift exchange.

The members and the wives of the Champion Fish and Game Association held a banquet in the Community Hall Wednesday, Jan. 15, in honor of Mr. and Mrs. Wayne Anderson who are leaving the district to reside in Washington, U.S.A. Mr. Anderson was president of the association and will be greatly missed in the group. Martin Matlock presented the Andersons with a purse of money from the community and wished them best of luck in their new home and job. A social evening and dance open to the public followed and a very enjoyable evening was spent by all present. Several members from Vulcan were also present. There will be a meeting Thursday night at 8 p.m., to elect new officers for this year's Fish and Game Association.

On Sunday, Jan. 19, relatives and a few close friends gathered at the home of Mr. and Mrs. Dorn Ruggles to honor Grandma Ruggles" who was 76 years young. A sumptuous turkey feed was partaken and six birthday cakes were consumed. Mr. and Mrs. Harry Bly, the latter a sister of Mrs. Ruggles, were present from Magrath and she prepared one of the turkeys. Grandma Ruggles reports she felt very young and enjoyed the day with very much visiting with all the children and grandchildren and friends. We join in wishing her many more such birthdays.

Curling Notes

A Champion team comprised of Bill Wolfe, skip; Gordon Stewart, lead; R. Hummel, third, and Dave Causey, second, went to Barons on Sunday, Jan. 19, to take part in the zone play-off for the Canadian Legion. Teams from Lethbridge, Raymond, Nobleford and Barons took part in a round-robin play-off. Picture Butte having dropped out later Saturday night.

In the four games the Champion boys played they did a wonderful job, seeing we have no ice and have had little or no curling until now.

The four games played were as follows:1st game, Raymond and Champion, 7-3 favor of Champion; 2nd game, Lethbridge and Champion, 3-12 favor of Champion; 3rd game, Nobleford and Champion, 3-13 favor Champion, and 4th game, Barons and Champion, 4-9 favor of Barons.

In the final game, Barons and Lethbridge fought it out to a tie in the 10th 8-8 with Barons emerging on top, final score 10-8.

A good crowd of Championites turned out to cheer on their team, who certainly made a good showing.

A delicious lunch was served by the women of the Barons group and a very enjoyable time was spent by all who attended.
